

Find coverage for your patients and compensation for your care

CoverMe puts an entire healthcare finance and support marketplace at your fingertips. With just one click, you can find real-time coverage options for uninsured and underinsured patients, **reducing uncompensated care rates up to 25%**, and saving you hours of time. Customized to meet the needs of your patient population, **CoverMe** uses AI-driven assessments to qualify patients, fill gaps, find support, and get your bills paid - fast.

Why CoverMe?

Real-time screening across all available coverage programs

Touchless eligibility and enrollment through our mobile app

Auto-filled applications for increased efficiency

E-signature verification for faster document completion

Retrospective sweeps to find missing data and available coverage

+ **75k**
cases enrolled and applications processed

+ **90%**
of self-pay patients processed qualified for a payment solution

No more manual screening for individual programs - your customized **CoverMe** marketplace has it all in one place:

- Patient data verification
- Coverage discovery
- Medicaid determinations
- Financial assistance programs
- Extended payment financing & credit lines
- Pharmaceutical discounts
- Community support

The best options for every patient, every time

Maximize your healthcare reimbursements and develop better relationships with your patients with **CoverMe**.
